

Tektronix Reimagines Performance and Portability in Oscilloscopes

Unveiling the 2 Series Mixed Signal Oscilloscope

BEAVERTON, Ore., June 7, 2022 /PRNewswire/ -- [Tektronix, Inc.](#) today unveiled the 2 Series Mixed Signal Oscilloscope (MSO), reimagining what is possible in test and measurement. The new 2 Series MSO can go seamlessly from the bench to the field and back, enabling workflows previously unimagined on a scope. It is the first portable oscilloscope to offer benchtop performance and the award-winning Tektronix user interface. Weighing less than four pounds and 1.5 inches thin, the 2 Series MSO can fit into a small backpack, delivering unmatched performance and portability.
